TESTIMONIALS

顧客のレビュー

"It was my first time at this spa and trying a Japanese Head Spa. Yumi was such great energy and was super knowledgeable. I will be back - thank you!"

Madison M

"Received a lovely welcome and introduction by Mo to the spa and the service I was about to receive. Cindy provided the Headspa Scalp Treatment, literally fell asleep because of how soothing it felt. Through the magnifying machine I definitely saw a difference before and after. My scalp was itchy before treatment but disappeared for the most part after. There were a couple areas that felt a little sensitive after treatment, mainly because it was already irritated and most of my dandruff issues lie there. However, I noticed a good difference in how my skin felt in the irritated areas. Overall, my experience was really nice. Thank you Oo Spa!"

Sharan B

"Visited Oo Spa today and got a Head Spa done by Yumi. Ive tried to find a headspa in Tokyo but because of language barrier it was hard but I'm glad I found one in Vancouver :) My scalp feels cleaner and lighter. And you get to see the water before and after to see how much stuff they cleaned out. You can think of it as a seasonal deep cleaning for your scalp. Highly recommend and will come back! Do Ask for Yumi!The place is also very zen and clean!"

Grace H.

"I went to Oo Spa as a gift from my sister and I had the best time! I had my treatment with Alina and she treated me so well. She is very well versed and knowledgeable about scalp health and skin. I felt very refreshed and rejuvenated, and I fell that my scalp has never felt better. Alina also gave me a few tips to make sure I can carry on with my program on the road to better scalp health. Highly recommend for yourself or as a gift!"

Carmina P

"This was such a relaxing experience! Valeria took her time to explain my scalp health to me and educated me on how to better take care of my scalp. It was a lovely, warm and gentle experience. She was so kind and patient with me and listened to my concerns. The spa overall is so pretty and calming. I would definitely come back and recommend this experience to everyone."

Amerita S

"I had a headspa treatment with Yumi. She was very informative and made me feel very comfortable for the entire treatment. Her massage is the best! I highly recommend Oo Spa for the scalp treatment."

Chelsea P.

"Hi!! I visited your spa for a Japanese Headspa treatment last week and I want to share the improvements! I'm losing much less hair when I wash my hair now! Thank you for the deep cleaning!"

Grace H.

"Had a great scalp treatment with Yumi. So relaxing and wonderful! Thank you for explaining everything and for taking such good care of me!"
